# TOOLS FOR DOING EVANGELISM

## EVANGELISTIC BOOKLETS

The ultimate end of this course is to have small group members actually do evangelism (James 1:22). So, right from the end of study one, we show how each person can begin evangelising by giving out tracts. 'Doing evangelism' is a critical component of this course. It was never intended to be just 'another nice teaching series!' If it doesn't translate into action, we are all wasting our time.
